

this film is about getting it right from the starts the project involves volunteer champions and mentors working with GP surgeries to improve health care for people with a learning disability it runs until July 2014 in four areas across the United Kingdom me Devon Northampton share a sari and North Tyneside a three year volunteer lead project funded by Health and Social Care volunteering fund this short film is about easyread volunteer champions Rachel and Karen will tell you more but blitz are dead fold out leaflets are hard to follow currents make it hard only tell people what they need to know explain everything that people may find hard don't make it too long 12 pages or less use easy words keep sentence short

either full stop set up and he's a full
stop server comma write numbers as
numbers make sure you're clear do not
use italics or underlining
use large right in size 16 + use ugly
font like Arial leave lots of space
around each bit of writing pictures how
people and stamp writing puts pitches on
the left of the page totes have one
picture for each sentence
we use photo symbols easy house has lots
of leaflets you can use most are free to
download good rules to remember the
information is not for you don't worry
about making things too simple ask
people what they think
you
